ALBERTA

EARLY CHILDHOOD EDUCATION REPORT 2020

ABOUT THE EARLY CHILDHOOD EDUCATION REPORT BENCHMARKS

The Early Childhood Education Report (ECER) is produced by the Atkinson Centre for Society and Child Development at the Ontario Institute for Studies in Education/University of Toronto. Twenty-one benchmarks organized into five equally weighted categories, totalling a score of 15. The benchmarks evaluate governance structures, funding levels, access, quality in early learning environments, and the rigour of accountability mechanisms. Results are populated from detailed provincial and territorial profiles developed by the researchers and reviewed by provincial and territorial officials.

For the Canada-wide overview, a detailed look at the benchmarks, the full methodology, and all federal, provincial, and territorial profiles please visit [ECEReport.ca](https://ecereport.ca).

Please cite this publication as:

Akbari, E., McCuaig, K., & Foster, D. (2021). *The Early Childhood Education Report 2020*. Ontario Institute for Studies in Education/ University of Toronto.

This Alberta profile captures early learning and child care initiatives to March 31, 2020. The New Developments section highlights activities occurring after this date.

In July 2020, the Governments of Canada and Alberta agreed to a one year extension of the Canada-Alberta Early Learning and Child Care Agreement. This agreement allocated just over \$45 million to stabilize child care programs and provide care for essential workers during the COVID-19 pandemic, enhance affordability for parents by expanding eligibility to child care fee subsidies, implement a new Early Learning and Child Care curriculum, and increase child care spaces and accessibility for children with special needs.¹

The new model for child care subsidies took effect August 1, 2020, raising the income eligibility ceiling to include families with annual incomes of up to \$75,000.²

In 2020, the province finished rolling out the *Flight Curriculum Framework*³ for early childhood programs, which replaced *Play, Participation, and Possibilities: An Early Learning and Child Care Curriculum Framework for Alberta*.⁴ Implementation of the new curriculum framework began in 2017. The new framework serves as an online resource for licensed and approved programs and offers courses, coaching, and supports for early childhood educators.

The province revised the *Child Care Licensing Act* to include, within legislation, some of the principles from the rescinded Alberta Child Care Accreditation program. The revised Act was published in December 2020.⁵

In 2020, the province announced its plans to replace the Supported Child Care Program with the new Inclusive Child Care Program (ICC). Changes under the new program include management by Alberta's Children Services; previously, the Supported Child Care Program was managed regionally. The ICC provides licensed child care programs and family day homes with access to provincially-aligned

training, resources, and supports that enable the inclusion of children with extra support needs. The ICC will be phased in beginning spring 2021.⁶

COVID-19 ACTION PLAN

On March 15, 2020, Alberta's Chief Medical Officer of Health ordered all licensed child care centres, out-of-school care, and preschool programs to close to help slow the transmission of COVID-19. Approved family day homes, private day homes, and licensed group family child care programs were exempt from the order. A temporary exception allowed approved family day homes to care for additional children. The order was amended to allow select child care centres throughout the province to reopen, facilitating access to child care services for essential employees.⁷

On May 6, the ministry committed \$17.8 million through the Child Care Relief Program to help unopened licensed child care and approved family day homes safely restart. Support included financial compensation for reduced enrolment, overhead, staff recruitment and training, and enhanced cleaning costs.⁸

On September 22, 2020, an additional \$87 million was made available to licensed and approved operators. Funds supported the purchase of cleaning supplies, safety equipment, and other upgrades necessary to comply with health guidelines without increasing parent fees. Funding also compensated open centres for vacant spaces at \$200 per licensed/approved space, plus \$2,500 per licensed program or approved agency, per month. Of the \$87 million in pandemic funding, \$72 million came from the federal government's Safe Restart Funding Agreement, \$8.2 million from the bilateral agreement, and the remaining \$6.9 million from Phase 3 of the Child Care Relief Program.⁹

DEPARTMENT ORGANIZATION

The Ministry of Children's Services oversees child care, early childhood development, child intervention, and foster and adoption programs, including the regional delivery staff for these program areas, along with Indigenous and Community Connections. The ministry is responsible for child care licensing and monitoring, the certification of staff, and the distribution of child care grant funding, child care subsidy funding, and parenting resources and supports.

Alberta Education is responsible for Early Childhood Services (ECS). ECS are educational programs for children aged 2.8 years up to and including 5 years.¹⁰

POLICY FRAMEWORK

Alberta Education's *Business Plan 2020-2023*¹¹ describes the outcomes, strategies, and performance measures for K-12 education; however, it does not include a detailed plan for ECS.

The Canada-Alberta Early Learning and Child Care Agreement - 2017-2020, signed in 2017, allocated just over \$136 million over three years for early learning and child care. Investments focused on increasing access to child care through the expansion of Early Learning and Child Care Centres.¹² Financial support for the centres ended March 31, 2021.¹³

SERVICE DESIGN

EDUCATION PROGRAMS

The *Education Act* allows for the funding of public school authorities (i.e., charter, public, separate, and Francophone school boards) and private authorities (i.e., private schools and private ECS operators) to provide ECS programming. Private schools and private ECS operators must register as not-for-profit under the *Societies Act*, or as a non-profit company under Part 9 of the *Companies Act*.¹⁴

EARLY CHILDHOOD SERVICES (ECS): ECS programming takes place in a variety of settings including schools, ECS sites, and licensed child

care. Children who turn 3 years of age on or before December 31 and have been identified as having a severe disability/delay are eligible. Children who turn 4 years of age on or before December 31 and have been identified as having a mild/moderate disability/delay, who are gifted and talented, or who are learning English as an additional language are eligible.

KINDERGARTEN: Children who are 5 years old on or before December 31 are eligible to attend Kindergarten.¹⁵ ECS programming, including Kindergarten, is not compulsory. However, most schools offer half-day programs, and a select few offer full-day kindergarten to children living in socially vulnerable neighbourhoods.¹⁶ All school authorities that offer an ECS program must provide children with a minimum of 475 hours of instruction during a school year.¹⁷

REGULATED CHILD CARE

Alberta's Child Care Licensing Act requires that anyone caring for seven or more children be licensed. There are six types of regulated early childhood programs. Five program types are licensed, and one is approved.

LICENSED PROGRAMS¹⁸

DAYCARE PROGRAM: Licensed centre-based programs provide care to seven or more infants, preschool, and Kindergarten children for four or more consecutive hours each day.

PRESCHOOL PROGRAM: Licensed programs are available for preschool children from 19 months up to and including 5 years of age, operating for less than four hours per child each day.

INNOVATIVE PROGRAM: Licensed programs with director approval are designed to meet the unique child care needs of the community in which they are provided.

OUT-OF-SCHOOL CARE PROGRAM: Licensed group programs are available for Kindergarten-aged children and children age 6 years of age up to and including 12 years.

GROUP FAMILY CHILD CARE PROGRAM:

Individually licensed caregivers provide care in the private residence of the licence holder for a maximum of 10 children, including infants, preschool, Kindergarten, and school-aged children. These programs must have two providers on record, and both must be on the premises when seven or more children are in attendance. In the group, no more than three children may be under 3 years of age, and no more than two may be infants.

APPROVED PROGRAM

FAMILY DAY HOME: Alberta's Family Day Home Program is delivered under a contracted agency model; these programs are referred to as approved family day homes. Child and Family Services regions contract with family day home agencies that recruit, train, and monitor providers. Providers may care for a maximum of six children including their own and display Alberta's official family day home trademark—the smiling red door.¹⁹

UNREGULATED CHILD CARE

Unlicensed caregivers are not monitored or funded by the ministry. A caregiver may care for up to six children, not including their own.²⁰

EARLY LEARNING AND CHILD CARE CENTRES

Under the Canada-Alberta bilateral agreement signed in 2017, Alberta piloted 22 provincially funded Early Learning and Child Care (ELCC) Centres. ELCC Centres provide child care for children from 0 to Kindergarten with a maximum fee

of \$25 per day. In 2018, the ELCC Centre pilot was expanded with the addition of 100 federally funded centres. Funding for the 22 provincially funded pilot centres concluded on July 31, 2020. Funding for the 100 federally funded pilot centres concluded on March 31, 2021.²¹ An evaluation of ELCC Centres year one report is available.²²

LOCAL SERVICE DELIVERY

Alberta has 378 school authorities that include school jurisdictions, accredited funded private schools, and private ECS operators. School jurisdictions refer to Alberta school divisions, Francophone regional authorities, charter schools, the Lloydminster Public School Division, and the Lloydminster Roman Catholic Separate School Division.²³

School authorities offer Early Childhood Services (ECS) programs, including Kindergarten and programs for children as young as 2.8 years.²⁴ Alberta Education has accredited 93 private operators that offer 123 ECS programs.²⁵

Regional Children's Services offices are responsible for licensing, monitoring, and issuing enforcement actions for licensed child care programs.²⁶ Staff work with communities to plan and deliver a range of services to children, youth, and families.

\$65,000-\$69,999	\$399	\$335	\$238	65%
\$70,000-\$74,999	\$338	\$284	\$201	55%

Reflects Alberta's new child care subsidy formula, effective August 1, 2020. Government of Alberta. *Child Care Subsidy Rates, August, 2020*. Retrieved from: <https://www.alberta.ca/assets/documents/cs-child-care-subsidy-rates.pdf>

The amount of child care fee subsidy depends on the number of individuals in the household, the family's gross income, the age of the child attending child care, and the type of care and special costs. Eligible families earning less than \$50,000 annually have access to a full subsidy. Effective August 1, 2020, Alberta's revised child care subsidy formula increased the subsidy amounts and eligible family income thresholds to \$75,000.²⁷ There is no maximum parent fee scale for families earning more than \$75,000.

The province's online estimator tool²⁸ considers income and deductions (e.g., tuition and medical expenses).

The Stay-at-Home Parents Support and Kin Child Care Funding subsidy options were discontinued on January 1, 2020. An Extended-Hours Subsidy provides an additional \$100 per month per child for eligible parents who work or attend classes during evenings or weekends.²⁹

Through the Infant Care Incentive Program, the ministry subsidizes infant care costs, paying a universal grant of \$150 per month to licensed child care and approved family day homes to offset the higher cost associated with caring for infants up to and including 17 months of age.³⁰

INCLUSION

Alberta Education's inclusive education policy, *Standards for the Provision of Early Childhood Special Education*,³¹ outlines the standards for ECS and education programming and services for eligible children with special education needs. The Funding Manual states that approved ECS operators must be prepared to accept and organize programming for all funded children for whom programming is requested, including children with special needs.³²

Alberta's Supported Child Care Program provides supports to children with unique needs to attend and participate in licensed child care, approved family home, and out-of-school care programs. Support through this program includes

funding, additional child care staff, and program consultation.³³ In spring 2021, the Inclusive Child Care program will replace the Supported Child Care Program. Services under the new program will remain the same.³⁴

Getting Ready for Inclusion Today (GRIT) provides family-centred and inclusive learning experiences to support the participation of children with disabilities in their homes, communities, and schools through the ASaP (Access, Support and Participation) program. Child care programs have the option to participate in the ASaP program. Child care programs that choose to participate can have their facilities and curriculum assessed to determine areas for enhancement. Child care teams also receive access to training and on-site coaching to increase inclusion practices.³⁵

WORK ENVIRONMENT

TABLE 4.2 ALBERTA STAFF/CHILD RATIO AND GROUP SIZE IN REGULATED CHILD CARE

FULL-DAY, CENTRE-BASED CARE		
Age	Staff:Child Ratios*	Max. Group Size
0 to <12 months	1:3	6
12 months to <19 months	1:4	8
19 months to <3 years	1:6	12
3 years to <4.5 years	1:8	16
>4.5 years	1:10	20
OUT-OF-SCHOOL CARE: PART-DAY PROGRAMS		
Kindergarten-aged children	1:15	30
6 to <13 years (school-aged)	1:15	30
Preschool		
19 months to <3 years	1:6	
3 year to <6 years	1:12	
<p>* Adjusted ratios are permitted for mixed age groupings. Government of Alberta. <i>Child Care Licensing Regulation, Alberta Regulation 143/2008</i>. Retrieved from: https://www.qp.alberta.ca/documents/Regs/2008_143.pdf</p>		

KINDERGARTEN CLASS SIZE: There are no restrictions on Kindergarten class sizes. The provincial average class size for K-grade three in 2018–2019 was 20.4 children.³⁶

CHILD CARE PROGRAM SIZE: There are no legislated restrictions on the size of child care centres.

TABLE 4.3 ALBERTA EDUCATOR QUALIFICATIONS

Kindergarten^a	<p>All ECS teachers must have a valid certificate^b from the Minister of Education, obtained through the Office of the Registrar. To obtain a Permanent Professional Certificate, teachers must:</p> <ul style="list-style-type: none"> • Complete a Bachelor of Education, including a minimum of 10 weeks of supervised student teaching • Complete two years of successful teaching • Receive two formal evaluations based on the knowledge, skills, and attributes for permanent certification outlined in the Teaching Quality Standard • Receive a recommendation to the Registrar for permanent certification from a Designated Signing Authority
Early Childhood Educators^c	<p>Level 1 Early Childhood Educator – completion of the Child Care Orientation Course (Alberta government sponsored course) or a 45-hour (three credit) post-secondary course related to child development) or completed the Step Ahead Family Day Home Training or Family Child Care Training Program through an approved Alberta Family Day Home Agency registered with the Alberta Family Child Care association</p> <p>Level 2 Early Childhood Educator – completion of a one-year Early Learning and Child Care certificate program offered by an Alberta public college or university, or an equivalent level of training</p> <p>Level 3 Early Childhood Educator – completion of a two-year early learning and child care diploma program offered by an Alberta public college or an equivalent level of training^d</p>

Wage top-ups for child care workers will no longer be tied to accreditation through the Child Care

Accreditation Program, but will instead be rolled into the ministry's licensing funding.³⁷

PROGRESS REPORTS: The Canada-Alberta Early Learning and Child Care Agreement – 2017-2020 requires Alberta to publicly report no later than October 1 of each year of the agreement on results and expenditures for the previous fiscal year. The report should include the number of children benefiting from subsidies, and the number of licensed early learning and child care spaces broken down by age of child and type of setting. The report should show separately the results attributable to the funding provided by Canada under the Agreement.³⁸ The most recent report was tabled in August 2020 for the 2019-2020 fiscal year.³⁹

PROGRAM STANDARDS:

- Licensed child care programs are subject to regulations under the *Child Care Licensing Act* and *Regulation* and generally receive a minimum of two licensing inspections during a 12-month period. Licensed child care programs are required to post their inspection reports in a prominent and visible place on the program premises.⁴⁰ Parents in Alberta also have access to an online tool that provides information about child care

programs and services, including recent inspection results.⁴¹

- As of March 2020, the Government of Alberta no longer administers the child care accreditation system parallel to licensing.⁴²
- The Program and System Support Division of Alberta Education conducts reviews and monitors school authorities, including private ECS operators. *The Early Childhood Services Regulation* specifies requirements for the operation of ECS programs, including safety standards, programs, and policies. The *Guide to Education* specifies program planning requirements and key information for the operation and delivery of ECS programs, including Kindergarten. The guide does not specify a maximum group size for Kindergarten classes.

POPULATION MONITORING: Teachers complete the Early Development Instrument (EDI) for individual children. The data from the questionnaires are analyzed and reported at a population level. The last province-wide collection of EDI data in Alberta occurred in 2016. Parents may choose whether or not their child is included in the EDI data collection.
