

TABLE 4.5 MANITOBA DENSITY OF QUALIFIED STAFF IN CHILD CARE CENTRES

Proportion of staff required to be ECE IIs or IIIs:

- Two-thirds of all staff who care for children in a full-time child care centre and are included in the staff-to-child ratio must meet the requirements of an ECE II or III and have at least one year of experience working with children in child care or in a related setting. Directors must be classified at the ECE III level.
- One-half of all staff who care for children in a nursery school for any child enrolled for four or more part days per week or in a school-age child care centre and who are included in the staff-to-child ratio must meet the requirements of an ECE II or III. Directors must be classified at the ECE II or III level.

Within the total number of staff who care for children in a nursery school providing child care for any child enrolled for three or fewer part days per week, at least one person for every 30 licensed spaces must meet the requirements of an ECE II or III.
