Kindergarten for 5-year-olds	\$65.79	n/a		

Funding for public preschool education programs represents expenses for educational activities only (excludes administrative and management expenses and capital costs). Funding for maintenance and management expenses comes from the school tax (excluded here). Unlike subsidized ECS, everything under the “investment” heading (real property depreciation) is excluded. Additional amounts may be assigned to each school organization based on their particular needs.

<sup>a</sup>. Some financial contributions may be required under new legislative and regulatory provisions.
